  - b. New Idea for Take Stock In Youth – Wall of Support  
Becky explained that the wall of support would contain a certain number of envelopes numbered from \$1 on up to \$50 or \$100 or more if needed. The idea was for parishioners to take an envelope and fill it with amount indicated thereby donating their dollars for the Take Stock in Youth Program. Becky asked for the committees thoughts on this wall. Discussion followed. Becky stated that so far there has not been a problem with the way funds are coming into this program. It has been well funded in the past. The committee found it interesting but Becky will decide whether she wants to implement this program.
  - c. Home – How can we facilitate the feeling of Home in our programs throughout Advent? A lot of ideas were expressed and discussed. An ornament kit of some sort was suggested for families to take home from church and complete in a way that expresses their family. They would then bring the ornament to church (which is their home as well) and hang it on a Christmas tree. More discussion followed and a subcommittee was formed to work with Becky on this project.

Respectfully submitted,

Jackie Krajewski
