Agenda was approved.

No new business to discuss.

Old business: the Latin Rite and finances were combined. The Latin Rite will start sharing our church on July 1st. That is the start if our fiscal year. They do not celebrate Saturday mass, therefore, this will be a good fit with our schedule. They may have two Sunday masses. We will share storage space and worship committee duties. Our alter will be put on wheels, they will be providing a high alter. There rent to us will be \$3500 per month which will really help stabilize our finances. Fr. Don is still working on the details. They will have all holy day masses. Anyone is free to go to their masses, but must follow their requirements, eg: ladies must have head wear, etc. This will come with compromise, but we must help each other. An announcement will be made at later date regarding this news, as of right now, just parish council members know.
